

About Dr. Perich

With such a wide range of facial procedures and fillers to choose from, finding the right doctor for you can be a difficult task. A doctor you can trust and has an artistic eye is even more challenging.

Dr. Tanya Perich has perfected the artistry of facial rejuvenation with her skill and love of aesthetic beauty. The combination of your aesthetic desires and her keen eye for perfection, will undoubtedly create a lasting patient/physician relationship for all your cosmetic and facial plastic needs.

OVERALL TREATMENT RESULTS WITH RADIESSE® AND BELOTERO BALANCE™*

Stephanie, 49 was treated with RADIESSE® and BELOTERO BALANCE™ in the areas indicated below.

2.5 CC / RADIESSE 1.2 CC / BELOTERO BALANCE

BEFORE AFTER

*Although not approved to treat the same wrinkle or fold at the same time, RADIESSE and BELOTERO BALANCE can each provide immediate correction for natural looking results. Individual results may vary.

INDICATION: RADIESSE® injectable implant is FDA approved for subdermal implantation for the correction of moderate to severe facial wrinkles and folds, such as nasolabial folds.

INDICATION: BELOTERO BALANCE™ is approved for injection into the mid to deep dermis for the treatment of moderate-to-severe nasolabial folds, the folds or wrinkles that go from the side of the nose to the corner of the mouth.

BEFORE AFTER

Unretouched photos of clinical trial patient taken before and after treatment with KYBELLA®.

Sex: F Age: 35 BMI (before): 20 kg/m² BMI (after): 19.6 kg/m²

Individual results may vary.
